Recommended Action Plan

issue_type	Action Type	Priority Tier	issue_count	Priority Score 0-100	Recommended Action
Overdue Submission	Workflow acceleration	High Priority	6593	100.0	Implement submission SLA alerts and escalation rules for overdue deliverables.
Overdue Approval	Workflow acceleration	High Priority	4654	70.6	Define approval SLA, automate reminders, and monitor pending approvals by owner.
Missing Project Phase	Metadata governance	Medium Priority	3301	50.1	Define mandatory metadata fields and ownership routines.
Long Review Cycle	Workflow acceleration	Medium Priority	3250	49.3	Improve workflow governance, review SLAs, and approval tracking.
Duplicate Document ID	Document control	Medium Priority	1600	36.4	Standardize document ID naming conventions and validation rules.
Missing Owner	Metadata governance	Medium Priority	1100	25.0	Define mandatory metadata fields and ownership routines.
